

WURZBURG INC.

Manufacturers & Distributors of Supplies and Equipment for Packaging, Shipping, and Materials Handling

April 28, 2004

Reference Letter for Dennis Gorelik
To Whom it May Concern:

Dennis worked for Wurzburg, Inc. since August 20, 2003 until April 30, 2004 in the position of a senior .Net programmer. He was mainly involved in developing "Gen 6" - new .Net in-house application.

Dennis was responsible for application design, coding, application security, deployment, performance tuning and documentation. Dennis successfully accomplished several projects such as UPS address validation, reports and label printing.

Dennis proved to be a good team player and he shared his knowledge with other team members.

I highly recommend Dennis as a reliable, hardworking, and dedicated software developer.

If you have any questions please do not hesitate to contact me at 901 525 1441 ext 3190.

Sincerely,

Terry Petty
Project Manager
Head of IT Dept
